*The Centre for Menstrual Cycle  
and Ovulation Research*

# Protecting the Fertility and Bones of Teenage Women

**Speaker: Dr. Jerilynn Prior, MD**

## **FREE PUBLIC TALK**

**Friday March 15, 2019—3:30-5:00pm**

**Prince George Public Library  
Bob Harkins Branch—Keith Gordon Room  
888 Canada Games Way  
Call 250-563-9251 for more information**

### **What We Will Discuss**

- ◆ **How do menstrual cycles, ovulation and bone grow and mature during the teen years?**
- ◆ **For what reasons do Canadian teens use “the Pill?”**
- ◆ **What are the influences of Pill use on teen cycles and bone health?**
- ◆ **What are teen non-Pill birth control and therapy options for cramps, pimples, heavy flow & irregular cycles?**
